Introducing Thermotech Masonry & Forgotten Stoneworks

FORGOTTEN STONEWORKS IS a supplier of native stone and processed bluestone, granite, cobblestones, lampposts, gateposts and steps. We also fabricate our own rustic posts and artistic landscape features.

THERMOTECH MASONRY installs them and does stone walls, patios, walkways, chimneys

and fireplaces. We specialize in large granite retaining walls, large fireplace complexes and masonry stoves.

We have our own style of stove work that is changeable to fit the conditions. The veneer shown below features giant

quoins and granite lintels and sills. Forgotten Stoneworks supplied the stone.
